

An Interactive Directory for Child Welfare Services in Louisiana

The Louisiana Help Desk App is designed to empower anyone in the child welfare field and the general public with resources at the parish, state and federal level. The listings include phone numbers, websites, and physical addresses.

To get started, select from the menu one of the four categories that best fit your needs:

Inside each category you will find helpful resources including phone numbers, websites, and physical addresses.

Click on any to reveal more details.

Once there, you can visit websites, make calls, or get directions.

Use the bookmark icon in the top right corner to save listings for faster access

Bookmarks can be located using the drop down icon found on every major category page.
